TITLE V—CHILD PORNOGRAPHY PREVENTION

SEC. 501. FINDINGS.

Congress makes the following findings:

(1) The effect of the intrastate production, transportation, distribution, receipt, advertising, and possession of child pornography on the interstate market in child pornography:

(A) The illegal production, transportation, distribution, receipt, advertising and possession of child pornography, as defined in section 2256(8) of title 18, United States Code, as well as the transfer of custody of children for the production of child pornography, is harmful to the physiological, emotional, and mental health of the children depicted in child pornography and has a substantial and detrimental effect on society as a whole.

(B) A substantial interstate market in child pornography exists, including not only a multimillion dollar industry, but also a nationwide network of individuals openly advertising their desire to exploit children and to traffic in child pornography. Many of these individuals distribute child pornography with the expectation of receiving other child pornography in return.

(C) The interstate market in child pornography is carried on to a substantial extent through the mails and other instrumentalities of interstate and foreign commerce, such as the Internet. The advent of the Internet has greatly increased the ease of transporting, distributing, receiving, and advertising child pornography in interstate commerce. The advent of digital cameras and digital video cameras, as well as videotape cameras, has greatly increased the ease of producing child pornography. The advent of inexpensive computer equipment with the capacity to store large numbers of digital images of child pornography has greatly increased the ease of possessing child pornography. Taken together, these technological advances have had the unfortunate result of greatly increasing the interstate market in child pornography.

(D) Intrastate incidents of production, transportation, distribution, receipt, advertising, and possession of child pornography, as well as the transfer of custody of children for the production of child pornography, have a substantial and direct effect upon interstate commerce because:

(i) Some persons engaged in the production, transportation, distribution, receipt, advertising, and possession of child pornography conduct such activities entirely within the boundaries of one state. These persons are unlikely to be content with the amount of child pornography they produce, transport, distribute,

receive, advertise, or possess. These persons are therefore likely to enter the interstate market in child pornography in search of additional child pornography, thereby stimulating demand in the interstate market in child pornography.

(ii) When the persons described in subparagraph (D)(i) enter the interstate market in search of additional child pornography, they are likely to distribute the child pornography they already produce, transport, distribute, receive, advertise, or possess to persons who will distribute additional child pornography to them, thereby stimulating supply in the interstate market in child pornography.

(iii) Much of the child pornography that supplies the interstate market in child pornography is produced entirely within the boundaries of one state, is not traceable, and enters the interstate market surreptitiously. This child pornography supports demand in the interstate market in child pornography and is essential to its existence.

(E) Prohibiting the intrastate production, transportation, distribution, receipt, advertising, and possession of child pornography, as well as the intrastate transfer of custody of children for the production of child pornography, will cause some persons engaged in such intrastate activities to cease all such activities, thereby reducing both supply and demand in the interstate market for child pornography.

(F) Federal control of the intrastate incidents of the production, transportation, distribution, receipt, advertising, and possession of child pornography, as well as the intrastate transfer of children for the production of child pornography, is essential to the effective control of the interstate market in child pornography.

(2) The importance of protecting children from repeat exploitation in child pornography:

(A) The vast majority of child pornography prosecutions today involve images contained on computer hard drives, computer disks, and related media.

(B) Child pornography is not entitled to protection under the First Amendment and thus may be prohibited.

(C) The government has a compelling State interest in protecting children from those who sexually exploit them, and this interest extends to stamping out the vice of child pornography at all levels in the distribution chain.

(D) Every instance of viewing images of child pornography represents a renewed violation of the privacy of the victims and a repetition of their abuse.

(E) Child pornography constitutes prima facie contraband, and as such should not be distributed to, or copied by, child pornography defendants or their attorneys.

(F) It is imperative to prohibit the reproduction of child pornography in criminal cases so as to avoid repeated violation and abuse of victims, so long as the government makes reasonable accommodations for the inspection, viewing, and examination of such material for the purposes of mounting a criminal defense.

SEC. 628. GRANTS FOR RAPE, ABUSE & INCEST NATIONAL NETWORK.

(a) FINDINGS.—Congress finds as follows:

(1) More than 200,000 Americans each year are victims of sexual assault, according to the Department of Justice.

(2) In 2004, 1 American was sexually assaulted every 2.5 minutes.

(3) One of every 6 women, and 1 of every 133 men, in America has been the victim of a completed or attempted rape, according to the Department of Justice.

(4) The Federal Bureau of Investigation ranks rape second in the hierarchy of violent crimes for its Uniform Crime Reports, trailing only murder.

(5) The Federal Government, through the Victims of Crime Act, Violence Against Women Act, and other laws, has long played a role in providing services to sexual assault victims and in seeking policies to increase the number of rapists brought to justice.

(6) Research suggests that sexual assault victims who receive counseling support are more likely to report their attack to the police and to participate in the prosecution of the offender.

(7) Due in part to the combined efforts of law enforcement officials at the local, State, and Federal level, as well as the efforts of the Rape, Abuse & Incest National Network (RAINN) and its affiliated rape crisis centers across the United States, sexual violence in America has fallen by more than half since 1994.

(8) RAINN, a 501(c)(3) nonprofit corporation headquartered in the District of Columbia, has since 1994 provided help to victims of sexual assault and educated the public about sexual assault prevention, prosecution, and recovery.

(9) RAINN established and continues to operate the National Sexual Assault Hotline, a free, confidential telephone hotline that provides help, 24 hours a day, to victims nationally.

(10) More than 1,100 local rape crisis centers in the 50 States and the District of Columbia partner with RAINN and are members of the National Sexual Assault Hotline network

(which has helped more than 970,000 people since its inception in 1994).

(11) To better serve victims of sexual assault, 80 percent of whom are under age 30 and 44 percent of whom are under age 18, RAINN will soon launch the National Sexual Assault Online Hotline, the web's first secure hotline service offering live help 24 hours a day.

(12) Congress and the Department of Justice have given RAINN funding to conduct its crucial work.

(13) RAINN is a national model of public/private partnership, raising private sector funds to match congressional appropriations and receiving extensive private in-kind support, including advanced technology provided by the communications and technology industries to launch the National Sexual Assault Hotline and the National Sexual Assault Online Hotline.

(14) Worth magazine selected RAINN as one of "America's 100 Best Charities", in recognition of the organization's "efficiency and effectiveness."

(15) In fiscal year 2005, RAINN spent more than 91 cents of every dollar received directly on program services.

(16) The demand for RAINN's services is growing dramatically, as evidenced by the fact that, in 2005, the National Sexual Assault Hotline helped 137,039 people, an all-time record.

(17) The programs sponsored by RAINN and its local affiliates have contributed to the increase in the percentage of victims who report their rape to law enforcement.

(18) According to a recent poll, 92 percent of American women said that fighting sexual and domestic violence should be a top public policy priority (a higher percentage than chose health care, child care, or any other issue).

(19) Authorizing Federal funds for RAINN's national programs would promote continued progress with this interstate problem and would make a significant difference in the prosecution of rapists and the overall incidence of sexual violence.

(b) DUTIES AND FUNCTIONS OF THE ADMINISTRATOR.—

(1) DESCRIPTION OF ACTIVITIES.—The Administrator shall—

SEC. 632. FUGITIVE SAFE SURRENDER.

(a) FINDINGS.—Congress finds the following:

(1) Fugitive Safe Surrender is a program of the United States Marshals Service, in partnership with public, private, and faith-based organizations, which temporarily transforms a church into a courthouse, so fugitives can turn themselves in, in an atmosphere where they feel more comfortable to do so, and have nonviolent cases adjudicated immediately.

(2) In the 4-day pilot program in Cleveland, Ohio, over 800 fugitives turned themselves in. By contrast, a successful Fugitive Task Force sweep, conducted for 3 days after Fugitive Safe Surrender, resulted in the arrest of 65 individuals.

(3) Fugitive Safe Surrender is safer for defendants, law enforcement, and innocent bystanders than needing to conduct a sweep.

(4) Based upon the success of the pilot program, Fugitive Safe Surrender should be expanded to other cities throughout the United States.

(b) ESTABLISHMENT.—The United States Marshals Service shall establish, direct, and coordinate a program (to be known as the “Fugitive Safe Surrender Program”), under which the United States Marshals Service shall apprehend Federal, State, and local fugitives in a safe, secure, and peaceful manner to be coordinated with law enforcement and community leaders in designated cities throughout the United States.

For the purposes of determining the feasibility of using driver's license registration processes as additional registration requirements for sex offenders to improve the level of compliance with sex offender registration requirements for change of address upon relocation and other related updates of personal information, the Congress requires the following studies:

(1) Not later than 180 days after the date of the enactment of this Act, the Government Accountability Office shall complete a study for the Committee on the Judiciary of the Senate and the Committee on the Judiciary of the House of Representatives to survey a majority of the States to assess the relative systems capabilities to comply with a Federal law that required all State driver's license systems to automatically access State and national databases of registered sex offenders in a form similar to the requirement of the Nevada law described in paragraph (2). The Government Accountability Office shall use the information drawn from this survey, along with other expert sources, to determine what the potential costs to the States would be if such a Federal law came into effect, and what level of Federal grants would be required to prevent an unfunded mandate. In addition, the Government Accountability Office shall seek the views of Federal and State law enforcement agencies, including in particular the Federal Bureau of Investigation, with regard to the anticipated effects of such a national requirement, including potential for undesired side effects in terms of actual compliance with this Act and related laws.
